

# BLOGGING FOR FLOWERS

by Brigitte Kobi  
Leadership & Lipstick

2nd Edition

# ABOUT THIS BOOK

Flora is the protagonist of this story. Follow her troubles and her success.

I created this image story as an inspiration that keeps you blogging.

Seriously, blogging is an efficient method to get in touch with your leads, clients and partners; no matter what your business is about.

It will attract more visitors than a website. (I assume you are not Google or Microsoft).
